

*The pride you take  
in owning a  
Zenith Handcrafted Color TV  
is only equalled by the pride  
we take in Handcrafting it*

When it comes to quality craftsmanship, no machine can ever replace a thinking, caring, feeling human being.

That is why Zenith Handcrafts Color TV. Every connection in the Zenith Color Chassis is carefully hand-wired for greater operating dependability and fewer service problems. There are no plastic printed circuits, no production short-cuts in Zenith Handcrafted Color TV.

And exclusive Zenith color advances assure you finer performance year after year.

For example, Zenith's brilliant new Sunshine® Color

Tube has a new rare earth phosphor for redder reds, brighter greens and more brilliant blues. Zenith's exclusive Super Gold Video Guard Tuning System—with 125 gold contacts—gives you ultra-sensitive reception and longer TV life.

So you see, we do everything that is humanly possible to make Zenith the finest Color TV you can buy. And because we take such pride in Handcrafting Zenith Color TV, you can take more pride in owning it. For at Zenith, *the quality goes in before the name goes on®.*

Center membership has different meaning for different people. The Center participates in the life of community as a whole and invariably wins new friends in the process. Out of the Center have come leaders, not only for our own Jewish life, but for our total community as well.

The range and extent of Center contributions are not always apparent on the surface.

Neighborhoods are changing and while we find our building in fair condition, the needs for our services are shifting with the moving population. In the meantime, we are endeavoring to direct our program emphasis according to the varying age levels. Our Day Camp programs have reached a high level of importance and acceptance. Family usage of the camp site showed marked increased attendance as the Sundays progressed. High School youth programs and Tween age boys and girls activities are being planned and developed on a more individualistic and purposeful basis. Classes, both secular and cultural, will be continued and new classes formed as the requests are made.

Special concentration on social events and theatrical presentations also hi-lite an ambitious area of varied Center programs. Increased physical activities for both male and female groups have had special emphasis and direction with the installation of the sauna and recreation area. Activities from the youngest member of the family to the Friendship Group level have been included in our new theme.

We invite you to share your time with us in the programs planned for you. This is your Center and, as always, we welcome your criticisms and suggestions in any phase of our programming.

Our entire family join with me in extending our sincerest wishes to everyone for a blessed season of happiness, good health and much luck.
