We are Greater Portland's only fulltime Jewish educational institution. Due to the generous support of the Jewish community, the Levey Day School can offer an affordable tuition to the average parent, as well as scholarship assistance to those in financial need.

The Levey Hebrew Day School is fully accredited and maintains high academic standards in both general and Jewish studies. In addition to a regular all day kindergarten through grade six program, Levey offers a half-day pre-kindergarten program and an optional after-school day care program for children of all grades.

We welcome inquiries, and encourage interested parents to call the school office for an appointment to visit the school while classes are in session.

For further information, please call or write the school office:
