

# CENTER DAY CAMP—1966

**THE HEART OF CENTER DAY CAMP — ITS STAFF 1966**

L. to R.: Dayle, Kathy, Ellie, Judy, Sarah, Sandy, Debby, Connie, Carla, Carla, Joan, Betty Ann, Cindy, Sue, Mimi, Bev, Beryl, Paul, Chuck, Chickie, Jim, Larry, Steve, Steve, Ricky, Tom, Bruce, Dave, Mark, Bob, Rick, Dick, Terry, Dickie, Doug, and Director Jerry Sheriff.

Camping at C. D. C. is more than just "summer fun." It is an important experience of learning new things, sharing new experiences and testing new abilities in a warm, friendly situation designed specifically for this purpose. Our programs are supervised by a mature, interested and dedicated staff who are concerned with the individual and group needs of the campers. With such concern we enjoyed a very successful 1966 Season. What campers can forget the many activities and friendships that made up our summer at Center Day Camp. This yearbook will help bring back some pictures of those happy days . . .

Jerry Sheriff.

L. to R.: Gary Plavin, Jonathan Agger, Barry Saltz, Joe Caplan, Max Gordon, David Jacobs, David Brinn, Steven Hugo, Counselor Steven Bogg, Lane Lipson, Steven Plavin, Barry Rosen.

## YOUTH GROUP

The Youth Group had five counselors and the leader was Sandy Burokoff. The girls were divided into two groups and we had Sue Sheriff and Cindy Sprince as our counselors. The boys had three groups and the counselors were Richard Pinansky, Steve Bogg and Terry Quinlan.

We had lots of fun at camp this summer and we did learn a lot of new things. Some of us went into the 2nd area in swimming and we all learned how to row a boat. The most fun was in Arts and Crafts and the circus we put on was super. Lots of us kids learned about different trees and many other things about Nature. It was a swell summer and we are all anxious to go back next year so that we can be with our friends and leaders.

L. to R.: Jeffrey Levy, Michael Barr, Barry Isenman, Alan Wolf, Richard Silver, Paul Hugo, Gary Jacobson, Counselor Terry Quinlan, Robert Gilbert, Jeffrey Robinov.

## INTERMEDIATE GIRLS

The Intermediate Girls were very much in evidence at all camp functions. There were 28 of us and we made terrific progress during the season. Almost all of the girls went into new areas in swimming and we really did well in boating, A and C and especially in the camp shows and choir. In other words the Intermediate Girls were a very busy and involved group of young ladies during the past summer.

The Unit Leader, Joan Hirsch, was a favorite of ours and she had three great counselors that had to put up with us. We grew attached to each other during the season and we hope they return next year. Our counselors were Ellie Wolfson, Connie Craig and Carla Dickstein. All of our counselors were assigned to the waterfront so is it any wonder that we all improved so rapidly. We know we were a close group and our friendships will go on and on. See you in camp next season.

## INTERMEDIATE BOYS

Intermediate Boys were probably the largest unit except for the Youth Group and a livelier bunch of rascals you will not meet. We are veterans at camp and we know our way around pretty well. When it came to winning distinction we were right there. How about our singing group and remember that we went fishing and for the first time in CDC history most of us caught fish.

We had a few newcomers to our groups and they became adjusted to us and we got along just great. We had a lot of fun playing ball and Larry was our coach. Most of our boys became really good swimmers and we enjoyed boating more than ever. Do you remember the Water Carnival and how David and Alan beat the counselors in diving? Were they surprised!

The Unit Head was Dave Walley and once we got acquainted with him we really got along. It took us a little while to break him in but it was worth it. He really supervised us and got some of us to become fishermen and others woodworkers. The counselors were Mark Aranson, Chuck Stone, Chickie Levine and Bob Young. We liked each of them and we think we were the best Unit in camp. We know you'll have to agree.

## ADVANCED GIRLS

L. to R.: Lisa Goldman, Sarina Naierman, Donna Levi, Michele Louri, Carolyn Schnitzer, Counselor Judy Grant, Patti Gilbert

L. to R.: Kathy Lewis, Bonnie Cohen, Debbie Young, Sue Branz, Sue Oransky, Raye Pearlman, Counselor Bev Hugo, Miriam Slivka. (Absent: Cheryl Hyman).

## ADVANCED GIRLS

The Advanced Girls were the backbone of the camp. We involved ourselves in every phase of the program and we were always willing to help out. We sort of felt that the camp was ours because we had many programs just for us. All of the girls loved horseback riding on a regular basis and our softball team visited a number of camps. We also hosted several groups from other camps.

We all enjoyed meeting and escorting the Friendship Club around our camp. Most of us were on an overnight canoe trip and our overnights were a blast. I don't think that any other Unit cried as much as we did when we sang together for the last time this season. We loved Joan and we had the best group counselors in camp in Judy Grant, Bev Hugo, Dayle Carter and Kathy Platz. We would like to acknowledge Paul for his terrific programming and above all our love to Jerry who really was our leader and friend. It was a great season and we wish we were back there right now.

## ADVANCED BOYS

The Advanced Boys had a terrific season at CDC. There were a number of new practices that made our program pretty darn good. One of these was the horseback riding program at camp and we really had a chance to learn sailing this past summer. Of course the overnight canoe trips and our outstanding ball team helped make the season. Our team had games with other camps and you wouldn't want better games than the ones we were in. We enjoyed helping some of the younger kids in their swimming and sports activities. We challenged the counselors to several games and even though the score won't be mentioned we had a great time. The Basketball tournament was really exciting and a little rough until we conned Jerry into refereeing. We didn't have to rest as long as the other Units after lunch and we had some fabulous games on the ballfield. The oldest group was 13 years old and they thought camp was really good. We broke in a new Unit Head in Dave Wally and AB1 had that laughable, affable Larry Plavnick . . . AB2 had the outstanding miler Bruce Fleming and AB3 had Jewell for awhile and then Pete Cohen. CDC taught us a lot and we know we taught camp a lot too. It was a swell summer.

Paul Hirsch — Program Director

Paul Hirsch was Program Director this past season and we all thought he was tops. He did a very good job of keeping everyone busy at camp and he helped supervise new programs and ideas. He was always to be seen at all of the activities and he was a real big help to the Director. Paul really got excited at any of our competitions and he gave us terrific spirit.

It seemed that Paul always had time to help any camper out and his ready smile helped make us happy. We know that he didn't know all the words to Hatikvah but oh how he held on to the first note and word . . . "Kolod". We all enjoyed having the newlyweds at camp and we hope that Paul will do well in Law School and come back to us at CDC next year. Thanks Paul for a fine job and your interest in every activity of camp.

Jerry Sheriff was Director at CDC and everyone knows the job he did. He knew every camper by name and greeted us every morning and was the last one to wave goodbye when we returned home. He was interested in each camper and if we had any problems we could turn to him. Jerry seemed to know everything about camp and he was always trying to improve things for us.

Jerry made us all feel a part of camp and important. When he conducted Friday services we were respectful and enjoyed them very much. We think he's the best camp director anywhere and we thank him for being the inspiration and guiding force of Center Day Camp.
