Hebrew School Urges Parents to Register Their Children

By L. Bendow, Principal, Portland Hebrew School

Jewish Education Month, beginning September 20th and culminating in Jewish Education Week. which ends October 22nd, has been set aside this year by the Board of Education, as a special period to call attention of Jewish parents to see to it that their children be given the opportunity of an adequate Jewish education.

Every Jew who is interested in the preservation and survival of our people that has existed for upward three thousand years as a separate national unity must give his children a thorough Jewish Education and do all in his power to make the registration in the Talmud Torah for the ensuing year a great success. Instruction of Judaism to every child has become the most fundamental law of our religion.

the commandment of the Bible "and you shall teach them to your children" are jeopardizing our future and are, consequently, guilty of complicity in the sinister work of all Jew-persecutors who sought to destroy the Jewish people by prohibiting the instruction of Judaism to our children.

Failure to transmit our national heritage to our children has always been considered by us as treason to our nation in the full sense of the word.

The President of the United States declared recently before longress: "We are inspired by a faith which goes back to the first chapter of Genesis, 'God created man in his own image'." THE AMERICAN WAY as interpreten by American statesmen and infellectuals is patterned after immoral ideas expressed in the Bible and he Hebrew literature. The ideals of twentieth century democracy have been the ideals of the Jews for twenty centuries.

The unmistakable obligation of the Hebrew School today, as never before, is to synthesize the ideals of the Jewish religion, and American democracy and to transmit the knowledge of these principles and institutions to our growing generation.

The course of study in the Hobrew School is, therefore, designed to give the American boy and girl the fundamentals of a Jewish education. We have framed the program of studies in our school so that the children are taught to read and understand Hebrew, the sacred language of the Bible and the Prayer Book, and the language that forms a bond of union with Jewish life of the past and of the present. They are taught the meaning of Jewish Customs and Ceremonles. They learn the history of the Jewish people, of our dramatic struggle to live for the sake of our ideals and of our miraculous survival despite all manner of adversity. They are made familiar with the current events in the present life of the Jews in America and all over the world. They learn to sing the traditional synagogue melodies and the modern palestinian songs. In short, the program of the Hebrew School converts the physical Jew who is so by birth, into a spiritual Jew who is so by virtue of his growing understanding of the religious and ethical foundations upon which Amorican freedom and democratic institutions rest.

"Federation Feature"

Because of the ever-increasing importance of our Federation in the life of Portland Jewry, the Bulletin Committee feels that it will make a significant contribution by reporting in weekly features "Federation Highlights" in one of two forms: (1) "Federation Facts"—highlighting interesting items of interest to all contributors; or, (2) a "Federation Feature"—explaining some special program of the Federation and its beneficiaries. Readers will find in this issue a "Federation Feature" which

we commend to you--and invite your comment.

The Dean's List I. Dean Silverman

Dave Novick called us up and said, "We want a column. The deadline is seven o'clock Tuesday nite." Now that you know why you have to suffer us another year, read on and suffer. If you read any farther than this you have only yourself to blame.

As we have the last two years, we'll bring you up to-date by giving you a résumé of the softball season. We started the season with the likes of N. I. Godfrey and Bill Slade on the roster, and other handicaps; we finished with the strongest team in the league and new shirts. But let's get the details.

Very few familiar faces dotted the Center line-up this year; only Bobby Litman behind the bat, George Bress on first, and yours truly in shortfield finished last year. Lefthander Irv Zaleman took over the pitching from Alan (as in Ladd) Larkin and did a good job in his first year of league play. Jo-Jo Gordon took care of second, Hal Christensen was at short, and Robby Orr stepped into Carl Lerman's shoes when Uncle Sam picked up the latter's option (Greetings, Carl). Rud Coombs, former Holmes and Hobby Simpson divided center field, and Harry Offenberg. younger brother of the more famous I on, was in right. Completing the line-up were Chuck Boxstein, Ray Troubh, Alan Larkin, Bernie Larson, and Don Martin.

High point of the season was the game in which we heat the only remaining unbeaten team in the the largest crowd at Samson Clothes, by a City ber the Oal convincing 13-6 score. Toughest was an extra inning affair had to pull off three fast double plays, c from behind to tie in the last hing, and then score twice in the extra frame to win 6-4.

In the City playoffs two misjudged fly balls rattled Zalcman, and when he and the team settled down the game was beyond recall, soon with more news and views. Edwards & Walker scored six runs in the first two innings and kept that margin throughout the game to win 8-2. E&W went to the finals of the City playoffs, and was the only local team to get beyond the first round of the State Champion-ships, losing in the semi-finals to the eventual State titlists.

All in all, the Center Club had a very good season, winning seven of ten in league play, two in the practice round, and dropping its playoff game to one of the top teams in the State. We finished in second place in our own league.

Altho six men in our line-up are Deering athletes, there is no truth to the rumor that the Center is a Deering farm club. It's vice-versa.

In closing, we want to wish you and yours the best of everything for the New Year. And may all be home before another year.
