## A Word From the President

We have now reached the second plateau in our Center Youth program for the year 1958-59. Our accomplishments so far this year have been hampered by the friction between the advisory committee and the State Board. This situation has now been remedied, so I am looking forward to a complete and enjoyable program from here on in. At the present time I am trying to have a meeting with a representative of the New England-Section Jewish Welfare Board in regard to having a New England Center Youth convention. The plans we set down this year may enable other Center Youth groups to have New England and maybe national conventions.

At our last board meeting it was passed that we look into the cost of service pins for our Center Youth officers. These pins would be awarded at the last inter-center weekend each year.

In conclusion I wish everybody a happy and prosperous weekend. Remember curfews are for your own good; it is you who suffers by staying up late, no one else.

Your President,

Sumner Lipman

## Bangor Center Youth News

At the December meeting of the Bangor Center Youth, Mortain Solair was elected chaplain. Various fund-raising projects were discussed and plans were made to invite the members of the First Methodist Church Youth Fellowship to attend services at the Beth Israel Synagogue. During the winter vacation, bowling and roller-skating parties, openhouses, and movies were the activities of the Center Youthers.

At the January meeting it was decided that we hold a carnival sometime in the near future.

The most recent meeting was held Feb. 14. Plans were made concerning transportation to Lewiston for the inter-center weekend. It was decided to have the carnival on March 21. It will be open to the community. The funds raised will be donated to the Center's General Fund.

## State Board Message

The 1958-59 Center Youth season is now about half over. The past months have been full of activities put on by the four local Center Youth groups. If every Center Youth member reading this article can truthfully say that he or she has participated in the planning and attended these functions, then he is very lucky and has many happy memories to look back on. But if you are one of those people who always say, "I'm too busy." and "I don't have time to go; I've made other plans." then you are the one who has really lost out. We, in the if Maine, are very fortunate to have a Jewish Youth Assembly through which we get a chance to meet Jewish teenagers from all parts of the state.

The assembly was started for us six years ago; and it is now up to us to see that it continues to thrive, bringing new friends and experiences to Jewish teens for many years to come. Every Center Youth member should attend all C.Y. meetings and join in the work that is entailed before any activity can be smoothly run. If you are asked to work on a committee, you should accept and work hard to make it a success; not because you have to, but because you want to do it.

At the next inter-center weekend, which will be in Portland, new officers will be elected for the state assembly. It is a good idea to start considering who you think would make good officers to lead your assembly next year. Think of those whom you know to be good and enthusiastic workers from their Center Youth records.

Meanwhile, enjoy yourselves at this inter-center weekend and take back reports to your friends who didn't attend so that next time they will want to come.
