The recent snowfall came, the first that many of the people had ever seen, it created a frolic all over the city. The people played with it like children and filled the streets, pelting each other with snowballs.

Deputy Sheriff Plummer Not To Be Dropped. Reports have been circulated very persistently that Deputy Sheriff Plummer was to be dropped from Sheriff Cram's force before long.

There are two deputy sheriffs named Plummer—Samuel D. Plummer of Scarborough, a civil deputy, and Charles A. Plummer, a liquor deputy. The latter is the one referred to, as the reports have been particular to state that the dropping of Deputy Plummer was to foreshadow a change of policy on the part of the sheriff's office in regard to the enforcement of the prohibitory law.

There is no truth and no foundation for truth in the rumor. Neither Samuel D. Plummer, who has nothing to do with the seizure of liquors, nor Charles A. Plummer, who is one of the most active of the liquor deputies, is to be dropped.

After His Boy. A ten-year old son of Charles J. Libby of Gorham, left home with his father's team and \$80.75 of his parent's money. He left a note saying that he had only borrowed the money and would return it soon. He left the team at one of the stables in Westbrook with instructions for it to be returned to his father. He then disappeared and has not been heard from since.

Yesterday morning his father visited the sheriffs at their office in this city terribly roiled and wanted them to take his son dead or alive. After a little talk with Deputy Sheriff S. D. Plummer he was persuaded that this was the wrong course and started out on the look for his prodigal son himself. He left on the train for Boston at noon.

Runaway. The young Nelson stallion belonging to Daniel T. Kelley caused considerable excitement in the vicinity of Kennebec street yesterday noon. Mr. Kelley had driven to the city, and had hitched his colt in a small shed at his foundry. The horse broke loose and made a lively gait over the track and to Kennebec street where he was caught.

The banquet of the Androscoggin County Association will be held at the residence of its president, M. F. Ricker, in Auburn, February 7th, 1893.

The Sea of Life.

At Pine street church last evening the cantata of the "Sea of Life" was given to the great delight of the audience. The idea of the cantata does not differ from that of the well known Voyage of Life so familiar to people from the beautiful engraving that held its place in years ago on so many parlor walls.

Mr. Fernald is now at work on the plans for the enlarged slip, and will introduce some modifications suggested by interviews with New York pilots. The new plans will probably be ready for the workmen within a week.

Arrival of the Sarnia.

The steamer Sarnia, of the Dominion line, arrived in the harbor from Liverpool, via Halifax, at 4 p. m. yesterday, but did not dock until somewhat later. She brought about 2000 tons of freight. Her passengers were left at Halifax. A full description of her perilous voyage appeared in yesterday's PRESS.

Iron Grates of a New Pattern.

There are in process of manufacture at Kelly's foundry in this city, some large iron grates of an unusual pattern, to be placed under the boilers in the Madison pulp mills. There are over 500 pieces to be cast, requiring the labor of two or three men for a month. These grates are a new and patented invention, and are designed to hold the coal over the fire and slowly allow it to drop thereon as fast as it is needed to maintain the requisite heat. This makes the fire-box a self-feeder and obviates the necessity of continually shovelling in coal, since these grates are supplied from large bins properly located. The new boiler is of 125 horse power. These patented grates are so placed over the edges of the fire grates in an upright slanting position that they do not interfere with the action of the fire on the boiler. They are, we understand, the first grates of the kind in the state. They will cost about \$2000.

Wouldn't Handle the Porcenes.

A Jew peddler, who visits the islands frequently, complained the other day that his profits were mostly taken up in boat fares. The clerk seemed impressed by this tale of woe, and agreed if the peddler would at the next landing assist in taking on some freight he need pay no fare on that trip. The landing was reached in due time, but when then peddler responded to the call to help he found the freight consisted of two large hog carcasses, and he refused to handle these abhorred animals, not even to save his fare, creating considerable amusement for the crowd.

The Race Problem in the South.

Last evening at the First Baptist church, Joseph W. Henderson, editor of the New England Torchlight of Providence, R. I., lectured on the race problem in the South. The cold and stormy evening was unfavorable to a large attendance.

Mr. Henderson spoke of the unequal position of the blacks in the South; and of the injustices to which they are subjected by their white neighbors.

Deaf for a Year Caused by Catarrh in the Head

Catarrh is a CONSTITUTIONAL disease, and requires a CONSTITUTIONAL REMEDY like Hood's Sarsaparilla to cure it. Read: "Three years ago, as a result of catarrh, I entirely lost my hearing and was deaf for more than a year. I tried various things to cure it, and had several physicians attempt it, but no improvement was apparent. I could distinguish no sound. I was intending putting myself under the care of a specialist when some one suggested that possibly Hood's Sarsaparilla would do me some good. I began taking it without the expectation of any lasting help. To my surprise and great joy I found when I had taken three bottles that my hearing was returning. I kept on till I had taken three more. It is now over a year and I can hear perfectly well. I am troubled but very little with the catarrh. I consider this a remarkable case, and cordially recommend Hood's Sarsaparilla to all who have catarrh." HERMAN HICKS, 30 Carter Street, Rochester, N. Y.

Hood's Sarsaparilla HOOD'S PILLS are purely vegetable, and do not purge, pain or gripe. Sold by all druggists.

NEW ADVERTISEMENTS.

The Incomparable Medicine that has effected more miraculous Cures than all other Remedies have claimed, put together.

BROWN'S SASSAPARILLA. Unlike all other so-called Sarsaparillas in weight, color, taste, and its action on the System in cases of Blood, Kidney, and Liver Disorders. The head of the large patent medicine house of Geo. C. Goodwin & Co., Boston, says: "In the matter of Sarsaparillas, the good ones can be counted on the fingers' ends, while those that stand high in the estimation of the public, doing just what is claimed for them, are very few, Brown's Sarsaparilla, made by Ara Warren & Co., Bangor, Being One of Them. Indeed I never knew a dollar preparation to gain the favor of the public so quickly, so easily, and that too with so little newspaper puffing as has this, Brown's Sarsaparilla." THIS GREAT REMEDY is sold by every druggist and dealer in medicine. ONE DOLLAR PER BOTTLE. Six bottles for five dollars.
