In-Person Worship Resumes!

In-person Shabbat services in our sanctuary have begun! There are a number of safety protocols in place, including,

- Attendance will be limited. Registration is required.
- Everyone must wear a mask at all times when on our property.
- All attendees must be at least 2 weeks post final vaccine.

This is likely to last throughout the summer, with the possible exception of outdoor family services. If you are interested in attending a service in our sanctuary, please indicate all of the dates which you are able to attend when you register. If there are more people interested in attending than spots available we will hold a lottery to determine participants.

If you indicate interest in attending in person you will receive an email indicating which services you will be able to attend. The email will also provide detailed information regarding Covid protocols.

All services will continue to be live-streamed on Zoom. All who register by the Friday deadline (whether or not you have requested to be in person) will receive the link for the live-streamed services.

Services will be held at Bet Ha'am on the dates listed below. When you register for the monthly Zoom service you will be asked if you want to attend in-person services and will have the option of choosing the date(s) that work for you.
