

We seem to have solved the tech problem so hopefully the slide show will play on Sunday.

Could you confirm you have access to the slideshow and that everything looks good from your side ?

There are two opening slides set aside for MJFF and JCA logos etc.

Barbara

the final version of the Maine Yiddish slideshow is now in the dropbox.

I have added a final section with photos of families that are likely to have used Yiddish at home.

Look forward to attending the events this weekend.

I definitely think that we should try it, I would only suggest that it would get more attention if there were more photos of Maine's Jewish community at the time it was Yiddish speaking.

I appreciate your concern

The challenge is that Yiddish is a language and a culture. For a PowerPoint oral Yiddish recordings would not be understood; we have limited pictures of Yiddish performance s (all the ones we have are included) so the jpgs display different uses of written Yiddish language in letters , business, organizational records etc. these visuals are explained by the introductory slides.

Any ideas welcomed on how to proceed

Should we give it a try?

Hi Harris -

Thanks for sending this. My concern is that many of the documents may not be interesting visually (especially when projected on a big screen). I think it would be more effective to have more pictures.

All the best,

Barbara

"Barbara, Lawrence, Lenora, Jessica, Butch Here is the current draft of the powerpoint on Yiddish Life in Maine. As I will be traveling until Oct 24, I thought I would circulate it for your comments and advice. A few notes : The timing for the slides is set for 4 seconds but this morning the slideshow is not working. I may be able to edit the captions next week . There are two slides in the opening for MJFF and JCA. Please feel free to shift the order. We could add a final slide inviting participants to send us additional Yiddish stories and photographs Harris "
