"Queens USA: A Global Celebration" A Microcosm of American Immigration Today

Photographer Audrey Gottlieb, resident of York, documented the borough and people of Queens, New York, where she lived and worked for 30 years before settling in Maine.

Queens, the largest of New York City's 5 boroughs, rides the crest of America's waves of immigration. Gottlieb's photographs reflect the lives and celebrations of many new and established immigrant groups living and working in architecturally drab neighborhoods.

Her colorful images depict rituals and traditions, including ethnic feasts and processions, that the newcomers carry over from the old country and blend into the new one. Families that

escaped war-torn places now live in Queens, in harmony, next door to ancestral enemies.
