How To Use Zoom

You can access Zoom either from a computer or phone. Each synagogue event that uses Zoom will have a specific link and phone number listed in the description.

On a computer, click the link provided for the event. The first time you use Zoom it will ask to download onto your computer; say YES. Click the link again and you will be taken to the meeting. Your webcam and microphone will allow you to see and speak to the other people on the call.

On a phone: dial the toll-free number and enter the Meeting ID when prompted. This will allow you to hear and speak to others on the call.
